Experience with ELEHEAR

- Purchased LEHEAR Beyond in Dec 2024
- Easy to set up, spoke with audiologist (online)
- Had several times to reset to fix charging issues (no problem , just one button)
- Purchase new domes \$30 for 10 pairs
- Hearing AIDS stopped working (showed full charge but false reading). Spoke to repair, and after a few tries, they asked that I send the pair back for a new one. New set arrived within a week. Cost \$30 for shipping & handling
- New pair programmed to the audiogram (original), work just fine.
- Service - excellent
